

# Geological cross-section I-I'

## 1:50.000

### LEGEND

#### Legend of Mapped Units

	Alluvium: gravels, sands and loams
	River terrace
	River terrace
	Sandstones, limestones, clays with coal interbeds
	Sedimentary-volcanogenic series: limestones, sandstones, tuffs
	Diabases, spilites, and melaphyres
	Serpentinized peridotites, and peridotites
	Massive limestones

#### Legend of Standard Symbols

	Normal boundary: determined
	Erosional or tectonic-erosional boundary: determined and covered
	Covered fault
